Tarawih will begin 5 minutes after the end of Isha insha'Allaah.

IMPORTANT NOTE

The Prophetic revealed texts clearly show that the rulings connected with the prayer times are determined by seeing with the naked eye. It is not correct that one should overburden oneself by meticulously following timetables based upon astronomical calculations. The Companions of Allaah's Messenger (may the peace and blessings of Allaah be upon him) used to determine the beginning of the fasting day and its end by looking with the naked eye. **NO** timetable anywhere in the world should be relied upon completely in judging the beginning of Fajr (i.e. the start of the fast) or the beginning of Maghrib (i.e. the end of the fast). One stops eating at the onset of Fajr, which is determined by looking towards the night sky – and if one sees a horizontally spreading light across the horizon and roof tops that spreads into the streets, then he stops eating and prepares for the prayer. Also one should make haste in breaking the fast once the Sun has set and not worry about the bright redness in the horizon.
